KVCET – MTU Enterprise programme

KVCET – MTU Enterprise is an initiative of our institution through the MoU signed with Michigan Technological University, USA for mutual exchange of students. Through this programme, the students of MTU, USA adopt a village and involved in research and welfare activities related to environmental management and green environment along with our students.

Students have developed a natural water purification system for the people in the adopted village Kunnangkulathur of Vaiyavoor Panchayat, Kanchipuram Dist.

Training Programme for farmers' community

Every year, the institution is organizing special training programme for the nearby farming community and creating awareness on Organic farming and their advantages and the ill effects of chemicals, fertilizers and pesticides.

Outcome & Barriers

The continuous support and active co-operation extended by the local community for these programmes are the evidence of our success.

Increase in the number of students involved, water purification system developed by our students and the response of the local community are evidence of our success.

The institution is keenly looking to have MoU with NGOs whoever is actively interested and involved in community welfare activities.

Inadequate availability of time to utilize our college students actively for these programmes during their regular academic activities.
